Meeting with CP Kyle at SAL on April 5th 2018. Kyle and Gong went through the requirements from sprint 1 and noted the change.

1. No change
2. No change
3. No white space in the letter. Photos cut off at the edge of letter outline. Letter should be big and thick
4. Animated symbol is shown accurately during the collage building time. The symbol should look like busy.
5. No change
6. Page should prompt for user name and password
7. No change
8. Button should properly trigger the download process

   (Wording is ambiguous, but it is what the stakeholder said exactly)
